WARRANTOR

Shibaura Machine Co., America

WARRANTY BEGINS

The warranty period begins on the date of "Start-Up" or 60 days from invoice, whichever occurs first.

BASIC COVERAGE

This warranty covers any repair or replacement of parts which becomes necessary due to a defect in materials and workmanship under normal use except those items listed under "What is not covered."

Printed Circuit Boards

Shibaura Machine printed circuit boards are warranted for a period of thirty-six (36) months against failure due to defects in material and workmanship.

Boards that fail after the warranty period can be returned for exchange of up to 50% of current price providing the returned board is repairable.

Screw, Barrel & Non-Return Valve

Material processing screw, barrel non-return valve are warranted for a period of twelve (12) months against defects in material and workmanship, but are specifically not covered for damage resulting from wear, corrosion or cold start-up.

Non Shibaura Manufactured Parts

Hydraulic valves, pumps, motors, hoses and tubing are warranted for a period of twelve (12) months against defects in material and workmanship. Hydraulic filters are not covered.

Heater Bands

Material barrel heater bands are warranted for a period of twelve (12) months, but the nozzle band and thermocouple are not warranted.

Parts Shipment

Warranted parts are shipped prepaid for "Next Day Delivery" however, delivery time is guaranteed only by the carrier.

WARRANTY EXCLUSIONS

Factors Beyond the Manufacturer's Control

Repairs and adjustments required as a result of misuse, negligence, modification, alteration, tampering, disconnection, improper adjustments or repairs, accidents, and use of add-on parts or materials.

Damage of surface, corrosion resulting from acidic atmosphere.

Lack of Maintenance

Repairs and adjustments caused by improper maintenance, lack of required maintenance, or the use of fluids other than the fluids specified in the Owner's Manual.

Normal Noise or Deterioration

Normal noise, vibration, wear, tear, or deterioration such as discoloration, scratching, or rusting of bare metal.

Wear of Screw, Barrel and Non-Return Valve

Screws, barrels, or non-return valves that have been damaged by glass, mineral or other fillers or corrosive materials.

Screw or non-return valves that have been damaged by rotating the screw with insufficiently melted materials (cold start-up) or with an empty Barrel.

Damage by Trucking or Rigging Company

Damage by trucking or rigging company during shipping or installation. It is the responsibility of purchaser to inspect the machine upon receipt and report any damage to trucking company or rigger. Shibaura Machine is not liable for insurance deductible.

Consequential or Incidental Damages

Plant down time, lost profits, lawsuits by third parties and other types of consequential or incidental damages are not covered by any warranty.

Please refer to the SHIBAURA MACHINE COMPANY, AMERICA terms and conditions of sale. The SHIBAURA MACHINE COMPANY, AMERICA terms and conditions of sale are incorporated herein by reference. Effective date: This warranty applies to all machines ordered and shipping in North America from June 2006 and is subject to change without notice.
